

1929 Grand E.M. Skinner Symphonic Concert Organ

Music in the Museum

One of Cincinnati's best kept secrets, the 1929 Grand E.M. Skinner Symphonic Concert Organ sits quietly near the entrance to the Robert D. Lindner Family OMNIMAX® Theater for guests to admire. Many visitors walk by the console in its case and think it is simply a relic. Little do they know the magical music it can make!

Music in the Museum returned to Cincinnati Museum Center in 2023 after a long hiatus for organ repairs. The 2023-2024 series welcomed over 900 guests to hear three outstanding organists. We anticipate an increase in guests for the 2024-2025 series as guests make this unique experience an annual outing to CMC.

2024-2025 *Music in the Museum*

November 13: Peter Richard Conte

February 26: Jean-Baptiste Robin

April 30: Bryan Anderson

Music in the Museum
